

# Business Administration Minor

No matter what career path you choose, a business administration minor will broaden your horizon – giving you an edge in the job hunt while teaching you skills necessary to succeed both professionally and personally. From the fine arts to health care, a business administration minor can compliment any major or degree!

There are no special admission requirements; simply notify your academic advisor that you wish to earn a business administration minor. The minor will be verified and awarded the semester a student graduates after grades have been finalized. The business administration minor is intended to complement your major, and the minor is recognized when that degree is completed.
