and Summer Study Abroad Option
Join us to study sustainable hospitality and tourism in Ireland.

According to the United Nations Environment Programme and the World Tourism Organization, sustainable tourism can be defined as, “Tourism that takes full account of its current and future economic, social and environmental impacts, addressing the needs of visitors, the industry, the environment and host communities.”

Come with us in 2022 to explore how Ireland embodies this form of responsible tourism that is good for the environment, good for the local community, and good for the tourist.
Cost

- Includes accommodations in Ireland, bus transportation, some meals, tours and up to 6 credits. $4,000 (confirming fee)
