Do you have students who are bursting with ideas? Help them turn their ideas into reality by becoming an Ideation Champion.

Sponsored by the Miller School of Entrepreneurship, the Ideation Champion program is an ECU faculty summer pay opportunity that encourages students to present innovative ideas within their discipline.

Selected faculty champions are expected to:

- Host an entrepreneurial pitch competition fall semester 2019 before October 5
- Recruit at least 10 student participants for the competition
- Coordinate social media and news stories about their collegewide competition
- Participate in a review committee for selection of teams who will move straight to Pirate Challenge Round Two
- Encourage students who do not advance to enter the Pirate Entrepreneurship Challenge Round One.

Please let your students know that the 2018-19 Pirate Entrepreneurship Challenge awarded more than $75,000 in cash prizes and in-kind services.

Champions will be paid $1,000. Selected individuals must be current employees at the time of payment. Opportunity is limited to one champion per college.
